## About SAFE SECURE HEALTH CARE

Established in the year 2011, we, SAFE SECURE HEALTHCARE based in Hyderabad, are one of the prominent manufacturers, suppliers and exporters of an extensive range of premium quality Surgical & Disposable Products. Offered product range comprises of surgical Gown, Disposable Surgical Drapes and Surgical Drape. These disposable garments are manufactured from finest quality cotton fabrics, which are obtained from well-known, trusted, reliable and certified vendors of the industry. By using sophisticated machinery, our professionals manufacture these products in adherence to the international quality standards. These disposable garments are widely used in various hospitals. These products are offered by us in sterile and non-sterile packaging due to our sophisticated packaging unit, which is well-equipped with latest tools and equipment. Offered disposable garments are available with us in bulk quantities due to our spacious warehousing unit and large production capacity. Offered product range can be availed in user-defined specifications.

Since the inception of our company, we have been well – supported by a state-of-the-art and ultra-modern infrastructure, which is spread over a wide area of land at Hyderabad district of Telangana. To ensure smooth and standardized operations, we have divided our infrastructure into various divisions such as manufacturing, warehousing, packaging, in-house quality testing and sales & marketing units. Equipped with world-class machinery, our infrastructure is upgraded with cutting-edge machinery at regular intervals of time. We have appointed a team of skilled and experienced professionals for handling our infrastructural facility in the most organized manner.

Established by **Mr.Suresh Nayak**, we have gained a huge clientele across the world within a short period of time due to our customer centric approach, ethical business practices, and transparent business dealings. We exporting our products in **All over the India**.
